## EDUCATION

### BACCALAURÉAT S-SVT

High School diploma with distinction, majoring in Sciences | July 2016  
Speciality in Computer Sciences  
*Lycée Jules Guesde, Montpellier, France*

### DUT MMI (WEB AND MULTIMEDIA)

A two-year diploma relative to the web | February 2017 – To present  
Speciality in advanced programming  
*IUT (University of Technology) from Troyes, France*

## EXPERIENCES

### SCHOOL PROJECTS

Three web projects | February 2017 – November 2018  
During my MMI studies, I had projects where I had to create an agency with classmates, creating a website and selling it to teachers, supposed clients. The projects are **70's Radio**, **The Reef** and **Stone Conquest**.  
You can find more information about them on my website.  
*IUT from Troyes, France*

### WEB DEVELOPER INTERN

Mandatory internship | December 2018 – February 2019  
To be graduated in France, I had to do an internship of at least three months. I learned how to program with Python and Wagtail, but also increased my skills in Wordpress. During my time there, I worked on **The Wave**, **Montpellier** and **my current website**.  
You can find more information about them on my website.  
*fffunction LTD, Cornwall, UK*
